Speaker: Joel Owen
Title: *A Testimony in Time of Trial*
Text: Psalm 34

Introduction: Many people spend their lives looking for the "good life"--a life of ease, security, and pleasure. Adversity confuses them. But the believer should understand the role of trials in the life. We should have a good "theology of trials." David's testimony helps us in this regard.

- I. Trials taught David to praise. vv 1-3
- II. Trials taught David to testify. vv. 4-7
- III. Trials taught David to believe in God's goodness. vv. 8-10
- IV. Trials taught David to do right. vv. 11-14
- V. Trials taught David to be humble. vv. 15-18
- VI. Trials taught David to trust. vv. 19-22

Today's take-home truth: Trials are God's good gift in the life. They are God's chosen way to cultivate the character of Christ in us.
